Please inform us of your testing materials. Our technical staff will recommend the most suitable probe for your company based on the materials. For example, choose a round-head alloy probe for thin films and a sharp-pointed probe for semiconductor silicon materials. If you have any other unique materials to test, please don't hesitate to contact us by email at sztcdz@vip.163.com. Our technical staff will be dedicated to providing you with the most professional services and advice.
